Hörmann Partner Standard Awards - Celebrating the Best in the Business

The Hörmann Partner Standard Awards continue to recognise and reward outstanding performance across all areas of the company's trusted dealer network. Designed to celebrate excellence, innovation, and dedication, the awards highlight those who go above and beyond in representing the Hörmann brand across the UK.

The awards programme for the 2026 awards has been significantly enhanced, with the introduction of four new categories, bringing the total to 12 separate awards. This new awards structure has been introduced to ensure broader recognition for dealers of all sizes and specialisms, encouraging inclusivity and providing more opportunities to spotlight individual and team successes across the network. With the judging process complete, the shortlist of nominees has now been finalised, reflecting strong engagement and high standards across the board.

For the first time, Hörmann UK will be hosting a prestigious in-person Awards Ceremony at the Marriott Hotel, Leicester, on Thursday 26th February 2026. Taking over the entire venue, the event promises to be an outstanding evening of recognition, networking, and celebration. Guests can also look forward to an exciting after-party to round off the night.

Hosting the ceremony will be none other than Martin Bayfield, former England rugby international, broadcaster, actor, and stuntman, adding a touch of star quality to what promises to be a memorable occasion.

David O'Mara, Marketing Manager at Hörmann UK, commented, "Our annual Partner Standard Awards are a key part of how we recognise the hard work, commitment, and achievements of our dealer network. This year, we've made the awards more inclusive and representative, ensuring even more partners have the opportunity to be celebrated. The addition of the awards ceremony not only elevates the status of the event but also provides a fantastic platform for our partners to connect, share success, and feel part of something

special. We encourage our dealers to 'dress to impress', be ready for the red carpet and expect a night to remember."
